Palettes will be pulled from the natural setting and regional wood and stone will be used to infuse each Residence with regional allure.

Montage Big Sky will boast

two- to six-bedroom homes, each possessing expansive living rooms and sweeping views. And with so many incredible outdoor activities waiting, the space is an ideal gathering place for relaxing with the entire family after a long day of mountain fun.

Situated within Big Sky's 3,530-acre Spanish Peaks enclave, Montage Big Sky will

offer ski-in, ski-out access to Big Sky Resort's 5,800 skiable acres (the second largest ski resort in the United States by acreage) as well as access to Spanish Peaks Mountain Club's 18-hole Tom Weiskopf-designed golf course, which is located just steps from the resort. Hiking, mountain biking, fishing and other outdoor experiences abound in the region for

luxury adventurers, and activities can be easily arranged by a Montage concierge.

Beyond the outdoor draws, Residence owners will have stunning amenities at their doorstep, including a three-meal restaurant, lobby bar and lounge, market, pub and recreation room with bowling alley, indoor lap pool, family swimming pool, fitness center
